ILLUMINATING THE PATH TO YOUR FUTURE

Do you see burgers and fries in
your sleep?
Are you stuck in a dead end job?
Are your minimum wages not
financing your dreams?
**Come explore a growing career in
Heavy Equipment mechanics.**

Linn-Benton
COMMUNITY COLLEGE

2005 Trucking & Heavy Equipment Entry Training

Join us on August 8-12 for a 40 hour hands-on introduction to this exciting field.

Come be introduced to coolants, belt and hoses. Get hands on with DOT truck inspections, batteries and illumination. Learn valuable shop skills and safety procedures. Get up close and personal with cutting edge electronic truck technology.

Expand your horizon and cut metal with fire. Learn entry level skills with brakes and wheel bearings. Learn how a diesel engine works.

No classroom vocational instruction or industrial work experience is required. Emphasis of the program is placed on work ethic, attendance and punctuality.

Upon successful completion of the program, you will receive a record of training.

Due to limited class size, get your application in early to reserve your spot.

This program is designed for those 18 years of age and older.

Important Information

Dates: August 8-12, 2005
